JANUARY 2013

SEASONS GREETINGS

EDITORIAL

Because the good will of those we serve is the foundation of our success, it's a real pleasure at this Holiday time to say "Thank You" as we wish you a full year of Happiness and Success.

Dec 21st 2012. The world did not end in December 2012. Our planet has been getting along fine for about 4 billion years and will continue to do so for a great many years more.

The story started with claims that Nibiru, a supposed planet discovered by the Sumarians, is headed towards earth. This catastrophe was initially predicted for May 2003 and when nothing happened, the doomsday was moved forward to Dec 2012.

Besides the doomsday prophesy, KLMA has witnessed a few events in the last quarter of 2012 which is worth mentioning.

On 23rd Nov 2012, Capt. Akira Shoji and Mr. Francesco Garguilo from K-line LNG UK office visited the academy. During the tour of the academy they witnessed the working of all simulators and other equipments. The gents were very impressed and commented on the maintenance, upkeep and cleanliness of the academy.

Seen on the left with Mr. Bist demonstrating the working of a salvaged ACB from the scrap yard.

Just prior to the Mumbai seminar, Capt Wilfred Garcia and Dr. Maria Sanchez visited the academy. Dr. Sanchez spent some time in the bridge simulator room and that was the nearest sea-going experience she has ever had as she has never sailed on board with her husband who is a Chief engineer.

The seminar was held at Hotel Ramada on 20/21st Nov. The opening speech by our President, Kuboshima which was followed by presentations by various delegates. New regulations and requirements of the industry were discussed. Concerns for environmental protection and the role played by K-line were presented. Case studies and workshops and incident investigations were carried out. Dr Sanchez's presentation on Health, hygiene was very informative. Prior to closing the event on 21st, Kuboshima san presented the awards and certificates to those who have been serving with K line for a long time and those who had gone out of the way in helping KLSM for various company needs. On both evenings, all attending staff and families came together on the lawn to partake in the Cocktails

and dinner. Overall the Seminar was a grand success.

Wishing you all safe voyages
